- Nutritional percentages are based upon a 2,000 calorie diet.

- Nutrition information is compiled based on product testing, data provided by an independent testing facility, and data provided by suppliers. Variations may occur due to differences in suppliers, ingredient substitutions, recipe revisions, possible preparation deviation at the restaurant level, raw ingredient origin of the region or country, and season of the year. Temporary products and Limited Time Offers are not included. Each of our menu items is prepared by hand, individually, therefore, serving size variations may occur.

- Normal kitchen operations involve shared cooking and preparation areas, and cross-contact with other foods may occur during preparation. Therefore, BiBiBop and its employees do not assume responsibility for a particular allergy or sensitivity to any food provided in our restaurants. Our restaurants use ingredients that contain 4 of the 8 major FDA allergens (wheat, fish, egg, dairy). Our restaurants are not allergen free facilities.

- Values for Coca-Cola® products represent sodium derived from beverage ingredients other than water. The actual amount of sodium in the beverage will vary based on the sodium content of the local water supply where the finished beverages are produced.
